

Best Illusions of the Year to become VSS 2007 logo

For the 2007 meeting, VSS has chosen a logo created by Simone Gori and Alan Stubbs that combines two illusions submitted to the "Best Visual Illusion of the Year Contest" in 2005 and 2006. See the "**Rotating Tilted Lines**" (finalist of the 2005 static illusion contest) and the "**Dynamic Luminance-Gradient Effect**" (TOP TEN finalist in 2006). We'll see this great logo on this year's VSS bag, t-shirt, and program book. Many congratulations to Gori & Stubbs!!
